

## **Can Using Crystal Meth be Considered Witchcraft?**

YES! We know it can. Crystal meth is different from other controlled substances, because it deceives. Crystal meth is in a league of its own. Not to downplay the negative impact of other illegal drugs, but crystal meth destroys every aspect of the user's life.

Its sole purpose is to separate you from your own life, from your wife or husband, kids, family, friends, finances and finally your right relationship with God.

We have seen countless people fall to the deceit of crystal meth and have their families and relationships disintegrate as a result. Our new goal in life is to educate people about the spiritual battles they're engaged in every time they pick up a needle or that little glass portal to Hell. We will share some of our own experiences with the Death drug and how we got to where we are today. If you get nothing else out of this article, our hopes are that you will find the Answer to Peace and Sanity that you may be seeking, due to the damage that crystal meth has caused you in your life.

## **Crystal Meth and Demon Hallucinations?**

First off, we do not believe in crystal meth-induced hallucinations. That's right, we don't. We do believe other drugs cause hallucinations but crystal meth actually causes your eyes to be opened to an evil and invisible realm. Let us tell you why we think this to be true and let's see if you agree or not.

On crystal meth, people will commonly report seeing shadowy figures, blurry faces, tall men in dark cloaks appearing and disappearing quickly with a small flash. Animals seem to pay extra attention to you when you're high on crystal meth. Dogs and other family pets seem to bark at nothing or shy away from areas of your home as if in fear, lifting their nose in the air and whining as if trying to point to someone or something. People also report seeing aliens, UFO's and other strange creatures. The list goes on.

*Note: If you are seeing strange visions or hearing strange voices and you're not the only one experiencing this, then it is not a hallucination, but rather, a 'spiritual awakening'.*

All sightings mean something. I'm here to say that these sightings are real, they do exist and **YOU'RE NOT CRAZY!**

## **Shadow Men and Demons**

Shadow Men are real, not in your head. They are really there in the corner of your eye, spying on you from behind, always lurking, and these Shadow Men have been seen by drug users and non-drug users alike. Some people are naturally sensitive to the spiritual realm so when that person uses crystal meth, the evil realm explodes into their life.

The thing about Shadow Men is that they aren't men at all. They are demons, written about in the Bible. They are Fallen Angels who chose the path of unrighteousness to follow Satan. They are referred to as "Shadows of Death" in the book of Psalms 23:4: "Yea, though I walk through the valley of the shadow of death, I fear no evil..." Their duty is to roam the earth, helping Satan destroy mankind. Some roam free seeking to devour souls. Others have made homes inside us, gaining power over our every decision, calling themselves the "Legion", amongst many other names. All demons have a particular task and rank.

On crystal meth, your soul and spirit are closer to the jaws of demons. You can see them more clearly, and you're more susceptible to giving into their wishes. Humans can never become demons. They are a totally different type of being, just like angels. Angels and demons are the same entities, they just serve different masters. "Shadow Men" or "Shadow People" are without a doubt glimpses of demons.

### **Using Crystal Meth as Witchcraft**

The most popular way to use crystal meth is by smoking it out of a glass pipe which can be purchased at almost any convenient store. They sell these witchcraft gadgets for only three to five bucks. Many people prefer this method of use but it is shot up using a needle, crushed and snorted or even eaten. The crystal meth pipe is hidden by its user and protected from the view of strangers. After smoking crystal meth from the pipe the user typically crushes and buries the broken glass... like a dog does a bone. Anyone who has used crystal meth with a pipe knows that when it breaks... replace it or all hell breaks loose. When using crystal meth, you might as well consider yourself a witch or warlock, and the pipe is your magic wand and this video you see here helps to prove that people are using this drug to be 'enlightened' by the evil realm and perform black magic spells on people around them and to even influence law enforcement with mass confusion.

### **Satan, The Master Puppeteer**

Jesus Christ taught us about the power of faith moving a mountain in Matthew 17:20 and Matthew 21:21.

When you're under the influence of crystal meth you will say and do crazy things. You will begin to 'Believe or Have Faith in' situations and scenarios around you, and in fact, you are believing in it so much that things and events come to pass just as you "foreseen". People often believe that they have psychic abilities or divine foresight while using crystal meth... This is a Lie from

Hell! Demons are simply lurking about listening to your "worries and concerns" and help bring the destruction you have dreaded upon you.

You believed it so the demons have every right to your life. We are to believe on Christ and Him Alone but let's just admit that staying connected to a righteous God is difficult while "playing with the devil", so RUN FROM CRYSTAL METH and RUN TO JESUS NOW!!

When you use meth, the Devil and his minions see you as an opportunity, an opportunity to puppeteer a flesh puppet. Ever done anything immoral that you regret while high on dope? And you just didn't feel like it was even you that did it? Well, cause you didn't. It was your "puppeteer" controlling you through drugs. All you did was say yes to being a puppet and no to Real Life, the evil realm takes care of the rest. With each use another string is attached to you in order to keep you trapped and to do the bidding of an evil puppeteer, the devil.

### **Using Crystal Meth Transforms You into a Puppet**

While using crystal meth the body does something strange which we believe is the cause of feeling 'psychic' or having the ability to see or hear the evil spiritual beings around you. Devoted Christians around the world often 'Fast and Pray' to feel closer to God and to find Gods Will in their lives or gain spiritual insight or Divine and Holy Discernment... well, we believe that the typical crystal meth user is essentially doing the same thing while under the influence of crystal meth. It is like a forced fast, an unholy fast ordained by demons and the devil alike.

### **Forced Fast**

The devil would do it no other way than to force a fast because Gods children fast out of a desire to want to do that, but the devil does the opposite of God on all things in an attempt to pervert Gods Ways and standards. Most, but not all individuals that use crystal meth are unable to eat and sometimes find it difficult to even drink. In the Christian Faith many people will fast from food and drink as a means to express their denial of self which gives God the ability to Work Miracles in their life and share Himself with that believer whenever they are HUMBLY bowed down to God through Jesus Christ, our Savior.

Well, as soon as a person uses crystal meth they have essentially bowed down to themselves, acting like Satan, their father... the father of lies, serving your own desires and potentially leaving yourselves in the devils hands. Crystal meth often curbs the desire to eat or drink and this lack of food, water and nutrition have an impact in the spiritual realm. It seems as if the lack of substance in our bodies signifies our 'empty vessel', in the spiritual realm allowing either Life or death to enter into our lives, especially if prayers are included whether to evil or good entities. Practicing Wiccans know this to be true so it is used by them for false gain or false safety. I would like to note that I don't believe EVERY practicing wiccan is on crystal meth but I am certainly saying that many are purposely using crystal meth to summon demons to do their bidding in today's society. Alchemy or (Chemical Philosophy) has always been in the wiccan

practices and the popular choice of chemicals they like to use these days for spiritual enlightenment, is crystal meth.

## Forced Prayer

Prayer is described as meditation and you can choose to meditate, (or pray) on whatever you want, whether for good or for evil. It is your God given right to choose what you wish to meditate on. Meditation creates faith so we must be careful to meditate on what God instructs us to meditate on in the Bible and that's Him. Psalm 1:2 says... he delights in the LORD's instruction, and meditates in his instruction day and night. The Bible tells us to meditate on His Word and Jesus Christ is The Word made flesh, full of Grace and Truth. (John 1:14) If you are meditating on evil, then evil will come upon you, Meditate on Christ and all good things will be upon you. Romans 6:16 says this: *"Don't you know that when you offer yourselves to someone as obedient slaves, you are slaves of the one you obey--whether you are slaves to sin, which leads to death, or to obedience, which leads to righteousness?"*

You are fasting for and praying to Satan himself when you use crystal meth, therefore allowing all evil to enter into you and change your life for the worst with an ending that results in death. By repeating your greatest fears, or whatever, you are giving every right to the devil to cause those thoughts and beliefs to come to pass. You must keep your eyes and thoughts fixed on Christ to gain freedom from crystal meth.

Romans 6:23 says *"For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."*

When you use crystal meth you are inviting the devil into your life and when he has access to you he will begin to connect strings or (LIES) to you in order to deceive you and separate you from your family, friends, finances, sanity and finally your soul before it takes your life. These "Strings of Lies" is what keeps you closely connected to death, the Master Puppeteer, and the strings are applied each time you use crystal meth. Stop being a fearful crystal meth puppet.

## Finding Freedom from Crystal Meth, Witchcraft and Demons

The devil is a copycat of The True God and wants to be God. Satan follows his own ways, so the devil believes himself to be god and desires worshipers. Satan serves himself only, Christ serves others. The devil focuses on himself, but Christ put all his desires into His Father in Heaven and Gods Will. We, therefore, have a choice set before us, A Choice to choose Life (Christ) or Death (Crystal Meth). Man represents their god by the choices they make in life, are you self-serving or interested in serving others? There are only these two choices set before us

in Life, that's it. We either choose Life or Death by our actions. The devil does not ever deny himself and this is what you have to do in order to be free from the lies around you... Deny yourself, Deny your own desires because your desires are killing you and leading you to hell.

Mark 8:35 says "*For whosoever will save his life (or serve themselves) shall lose it; but whosoever shall lose his life (or deny himself & serve others) for My (Jesus Christ) sake and the gospel's, the same shall save it .*"

To be a follower of Christ, you must act as Christ acts because you believe His ways is The Way, The Truth and The Life... So you do as Christ would do, deny yourself and deny meth OR you can satisfy your fleshly desires and act as your god, as the devil and live life in his ways. He also serves himself. This is what you call a selfish sin that leads unto death.

Those who have been released from this destructive drug, crystal meth, seem to have one thing in common, Christ has set them free and when Christ sets you free, you are free indeed!

You Must WANT to quit using Crystal Meth before you ever will, Don't Quit on Life, Quit Crystal Meth!

No matter what your belief is about Meth and the effects of it are, the longer you use the more demented it makes your mind. It begins to control your every thought, consuming you and before you know it your world is not your world any longer it belongs to the drug and it's affects. It robs you of reality, love, self and life. Leave it alone it is so not worth all this. If you are reading this and are still using find help it is available.
